

# POOL MAXX ALGO PRO

## ADVANCED ALGAECIDE FOR POOLS

Pool Maxx Algo Pro is a highly effective algaecide formulated for the control and prevention of various types of algae in swimming pools. Its advanced blend of ammonium quats and dispersants ensures optimal pool hygiene and water clarity.

### BENEFITS

Kills Green, Black, Blue - Green & Square D Algae

Works quickly at low ppm

Suitable for residential & commercial pools

Non-toxic & odour-free in use

Long-lasting water clarity & hygiene

### DIRECTION FOR USE

#### For Swimming Pools

**Initial Dose:** 2 kg per 100,000 liters of pool water.

**Maintenance Dose:** 500 g per 100,000 liters every 3-5 days. Increase frequency for heavy pool usage or high temperatures.

#### For Spas, Whirlpools & Hot Tubs

**Initial Dose:** Add 100gm per 5,000 litres of water.

**Maintenance Dose:** Add 25 gm per 1,000 litres of water. Maintenance dose should be added at 3 to 5 day intervals, or more frequently with heavy use.

#### For Pool-Side Surface Sanitization

After cleaning surfaces, use 10gm per 4 litres of water for sanitizing, or 10 gm to 2 litres of water for strong sanitization.

### STORAGE AND DISPOSAL

Keep this product in the original tightly closed container when not in use. Keep out of reach of children and pets.
