ZYAX POOL MAXX

World's Leading Pool Cleaner

Pool Maxx by ZYAX is a specifically formulated pool cleaner that is Chlorine Free, without harmful chemicals that ensures a clean, germ free, family safe pool 365 days of the year. ZYAX Pool Maxx is a highly effective natural Cleaner that is fully degradable into water and oxygen, and has no toxic by-products. It is safe for you, your pool and the environment.

The product is not suitable for pools with an active carbon filter (or hydro-anthracite / DE filter). We recommend the use of ZYAX Pool Cleaner in Combination with sand filters and zeolite filters. Follow the instructions on the pack label to ensure optimal performance.

HERE ARE A FEW ADVANTAGES of using the ZYAX POOL MAXX:

- ▶ Chlorine Free Water.
- ▶ Eradicates Fungi, Algae and Bacteria instantly.
- ▶ No eye, skin or lung-irritation, making Zyax Pool Maxx, making it extremely suitable for children and people suffering from asthma or allergies.
- ▶ Long-lasting effect with unique stabilization that allows an optimal and lasting results, even at low concentrations.
- ▶ Remains active at a wide range of temperatures and pH-levels.
- ▶ With the added oxygen, the water becomes crystal-clear and your skin becomes silky-smooth.
- ▶ Longer service life of swimming-pool materials and plants thanks to non-corrosive product features.
- ▶ Replaces chlorine in one simple step.

Directions of Use -

- Step 1: Ensure the pH level is between 6.5 and 7.5. Neutralise the chlorine by adding recommended Zyax Pool Maxx to your pool water. Contact time: 1 hour.
- Step 2: Add Pool Maxx to your swimming pool water as indicated in the brochure or speak to your authorised Zyax Pool Specialist.
- Step 3: For optimal operation, we advise you to rinse the pattern filter weekly.
- Step 4: Please use gloves and high protection while handling the product

Please use safety gloves and protective eye wear while handling the product.

POOL MAXX
